Notice: Revision of Water Supply Tariff

Ref: ELCITA Committee Proceedings dated 07th November 2019

It is informed that in the last 5 years no revision has been made by ELCITA for the supply of BWSSB and Borewell Water. The last revision of water tariff was done by ELCITA on 1st November 2014. The necessity for revision has arisen since during the past 5 years all operational cost like staff salary, electricity charges, diesel cost, consumables etc. have increased. Hence in order to rationalise the rates commensurate with operational cost for supply of water, it has been decided to revise the tariff for supply of BWSSB and Borewell water with effect from 1st December 2019 as under:

| Description | Revised Water Tariff per KL |
|---------------------|-----------------------------|
| BWSSB (PIPELINE) | Rs.125 |
| BWSSB (TANKER) | Rs.135 |
| BOREWELL (PIPELINE) | Rs.75 |
| BOREWELL (TANKER) | Rs.95 |

The revised water tariff shall be effective from 1st Day of December 2019.
